AUTHORISED DEALER

- **SANT** valves are manufactured for demanding applications in accordance to various national and international standards. Our products have consistently been in the service of the people in the country & abroad for more than 6 decades.

'SANT VALVES' have always kept abreast with the latest technology advancements. The strategy to invest heavily in the latest automated machinery & latest **ERP** systems has resulted in an increased & unmatched operating efficiency within our industry.

- We offer a large array of Zoloto Valves in industry, which are available in varied grade and dimensions as per the specific requirements of the clients. Their robust designs, sturdiness and durability make them wildly demanded and appreciated by or huge client base across the globe. We have sourced these valves from reliable and certified vendors of the industry. Apart from this, we understand the clients' budgetary limits and therefore we offer our range at most economic rates in market.

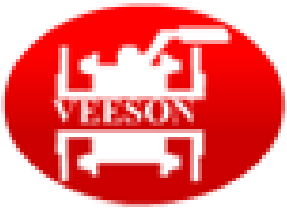

UTAM VALVES

- We distribute a wide variety of valves that are exclusively demanded and used in the industry. These valves are used to regulate the flow of fluid, liquid, gas, liquidised solid and slurries in industrial pipes.

Due to their high usage and demand in the industry, these valves are manufactured from fine stainless steel and other raw materials.

VEESON VALVES

- The Veeson Valves are designed as per international standard and they meet each and every requirement as stipulated. Strict Quality Control and inspection is carried out at all stages of manufacturing right from the incoming materials to the final dispatch. To satisfy the exact demand of our clients the Valves are inspected from initial design to the final finished products.

KRANTI FLOW METERS

- These are prime **water meter manufacturer** with the brand name of 'Kranti'. Our range of Water Meters include Woltman Type (Removable Mechanism) with Magnetic Drive, Flange end and hermetically sealed as per Class B of ISO : 4064 & ISI Marked Spiral Water Meters (Bulk Enclosed Type IS:2373) and are available from 50mm to 900 mm. We are also manufacturing ' T ' type Strainer (Dirt Box).

KUSHAL FLOW METERS

- These Flow Meters are Flame proof IP 65/ IP 66, CMRI certified IIA IIB having range Electromagnetic Flow Meters, Turbine Flow Meters, Battery Operated Flow Meters, Oil Flow Meter.
